ABOUT

Detail-oriented Business Analyst with 2+ years of experience at CloudPixels Consultancy Services. Strong in gathering requirements, documenting BRDs, mapping business processes, and translating stakeholder needs into actionable solutions. Skilled in SQL, Excel, Power BI, and data analysis for validating business rules and supporting data-driven decisions. Comfortable conducting gap analysis, preparing test cases, coordinating UAT sessions, and facilitating communication between technical teams and business stakeholders. Experienced in maintaining project documentation, tracking requirements through JIRA, and ensuring alignment between delivered solutions and business objectives.

Gap analysis & solution design

WORK EXPERIENCE

CLOUDPIXELS CONSULTANCY SERVICES

- Business Analyst** · Jan 2024 - Mar 2026 (2 years 2 months)
Gathered business requirements, documented BRDs, mapped processes, and coordinated with development teams to deliver data-driven solutions. Supported UAT, validated business rules, and maintained project documentation for stakeholder alignment. Prepared BRDs and process flow diagrams for digital transformation projects. Conducted stakeholder interviews to gather and validate business requirements. Coordinated UAT sessions and prepared test cases to validate delivered solutions. Built SQL queries and Power BI dashboards to support data analysis and reporting. Maintained JIRA backlogs and tracked requirements through the project lifecycle. Facilitated communication between business stakeholders and development teams.
- Business Analyst Intern** · Jun 2023 - Dec 2023 (7 months)
Supported requirements documentation, process mapping, and data validation tasks while learning structured business analysis methodologies. Assisted with BRD documentation and stakeholder meeting

notes. Mapped current-state and future-state business processes. Validated data outputs against business rules using SQL and Excel. Helped prepare UAT test cases and tracked defect resolution.

PROJECTS

Tamil Calendars 365 - Mobile & Web Platform · Aug 2025 - Mar 2026

Gathered requirements and analyzed product usage data to understand user engagement, content popularity, and feature adoption across platforms.

- Documented BRDs for content digitization and feature enhancements.
- Built Power BI dashboards to track daily usage and engagement metrics.
- Conducted gap analysis between current features and user requirements.
- Coordinated with development teams to prioritize feature delivery.

Christian Community Multimedia App · Mar 2024 - Oct 2025

Analyzed media consumption patterns and gathered stakeholder requirements to improve content delivery and user experience.

- Prepared requirements documentation for content management features.
- Analyzed user engagement data to identify content improvement opportunities.
- Facilitated stakeholder workshops to validate solution designs.
- Coordinated UAT for new feature releases and documented feedback.
