- Solution design support
- Workflow automation & digitization
- User training & change management
- SOP development
- Troubleshooting & L1 support
- Process documentation
- Data analysis & reporting

WORK EXPERIENCE

CLOUDPIXELS CONSULTANCY SERVICES

- Associate - Digital Transformation** · Jan 2024 - Mar 2026 (2 years 2 months)
Assisted in the rollout of digitalization projects including data migration, system updates, and workflow automation. Coordinated with internal teams to gather requirements, document processes, and support digital solution design. Prepared BRDs and process documentation for digitalization initiatives.
Supported solution design by coordinating requirements across teams. Monitored project progress and prepared status reports highlighting risks and delays. Conducted user training sessions and prepared training materials for digital tools. Maintained SOPs, project records, and digital system documentation. Provided first-level troubleshooting support and collaborated with IT and vendors.
- Intern** · Jun 2023 - Dec 2023 (7 months)
Supported digitalization initiatives by documenting workflows, assisting with data migration tasks, and helping prepare training materials under the guidance of senior team members. Assisted with workflow documentation and process mapping. Supported data migration and system update coordination tasks. Helped prepare user training materials and quick-reference guides. Logged troubleshooting issues and maintained project records.

PROJECTS

Tamil Calendars 365 - Mobile & Web Platform · Aug 2025 - Mar 2026

Supported the digitalization of calendaring workflows including data migration, content automation, and user adoption tracking.

- Documented BRDs and process flows for content digitization.
- Coordinated data migration from legacy spreadsheets to the platform.
- Conducted user training sessions and prepared SOPs for content updates.
- Monitored adoption metrics and provided troubleshooting support.

Christian Community Multimedia App · Mar 2024 - Oct 2025

Supported the digitization of media workflows including automated content publishing, user access management, and system integration.

- Gathered requirements and prepared solution design documentation.
- Automated content publishing workflows to reduce manual effort.
- Developed SOPs and trained team members on new digital tools.
- Provided L1 troubleshooting and coordinated with vendors for issue resolution.
