ABOUT

Data & BI Analyst with hands-on experience turning raw business data into clear dashboards, reports, and actionable insights. Proficient in SQL, Power BI, Excel, Python, and data visualization with a strong focus on data modeling, KPI tracking, trend analysis, stakeholder communication, and reporting automation. Comfortable designing ETL-ready datasets, validating data integrity, and presenting findings to both technical and non-technical teams to drive data-informed decisions.

TOOLS & SKILLS

BI & Visualization: Power BI, Tableau, Excel

Databases & Querying: SQL, Postgres, Snowflake

Data & ETL: Data Modeling, Data Cleaning, ETL Concepts

Programming: Python, Java

Business Concepts: KPI Dashboards, Trend Analysis, Statistics, Reporting Automation

WORK EXPERIENCE

CloudPixels Consultancy Services

Data & BI Analyst · Jan 2024 – Mar 2026 (2 years 2 months)

Built recurring dashboards and reporting workflows to translate operational data into clear business metrics. Designed data models, cleaned and validated datasets from multiple sources, automated reporting tasks, and partnered with stakeholders to improve data quality, visibility, and decision-making.

Data Analyst Intern (BI Track) · Jun 2023 – Dec 2023 (6 months)

Supported reporting and analysis tasks by preparing datasets, writing SQL queries, and assembling periodic KPI summaries. Helped streamline spreadsheet-based processes, documented data issues, and delivered concise findings for review by team leads.

PROJECTS

Tamil Calendars 365 - Mobile & Web Platform · Aug 2025 – Mar 2026 (8 months)

Analyzed product usage for the same cross-platform calendar experience to understand user engagement, content popularity, and update patterns across mobile and web. Focused on turning raw activity data into

dashboards and insights that supported product improvements.

- Built **Power BI dashboards** to track daily usage, page views, and festival content engagement.
- Cleaned and modeled data from **SQL queries**, spreadsheets, and export files for reporting.
- Added **trend analysis** to compare user interest across calendar dates, events, and regions.
- Highlighted **content update patterns** and usage spikes to support planning for future releases.

Christian Community Multimedia App · Mar 2024 – Oct 2025 (19 months)

Analyzed media consumption for the same community multimedia app to measure sermon plays, video engagement, and recurring audience behavior. Used reporting outputs to understand traffic sources, page-level attraction, and which content patterns performed best.

- Built **Power BI dashboards** to track user traffic, source channels, and platform engagement.
- Used **heat maps** and page-level analysis to identify which screens and sections attracted the most attention.
- Segmented users by **content type**, visit frequency, and repeat engagement behavior.
- Presented insights with **charts and dashboards** to support content planning and audience growth.

Company Portal & TNPSC Prime Website · Jun 2023 – Aug 2023 (3 months)

Analyzed traffic and content performance for the same portal and education-focused website work to understand which pages drove the most engagement. Focused on reporting page trends, navigation behavior, and content updates to support better publishing decisions.

- Analyzed **page traffic**, content views, and repeat visits across the portals.
- Compared **top-performing pages** and content categories to identify high-interest topics.
- Built a dashboard view for **quick weekly review** by content and operations stakeholders.
- Supported better decision-making with **trend-based summaries** and clear reporting snapshots.

EDUCATION

Master of Computer Applications (MCA)

Jain University (Online)

Currently Pursuing | Expected Graduation: 2026

Bachelor of Science in Computer Science

Islamiah College (Autonomous)

CGPA: 7.89/10 | Graduated: 2022

CERTIFICATIONS

- Full Stack Development Certification - SmartCliff Learning Solutions (2023)
- SQL (Intermediate) - HackerRank Skill Certification (Issued Mar 2025)
- SQL Basics - HackerRank Skill Certification (Issued Jan 2025)
